Advance booking required

16.95pp

Our bacon, ham and sausages are made from local reared pigs. The black pudding has achieved gold status in the taste awards. The baguettes, croissants and sour dough breads are produced in France and are baked off daily to give you that French boulangerie feel in the middle of the Cotswolds! Smoked salmon is from Coln valley which uses an updated version of the London red brick kiln. Lavender marmalade is made locally and available to purchase at the counter.

Gluten free bread is available please ask when ordering, we do however do an awful lot of baking so cannot guarantee that any items are completely free of gluten. If you have any dietary requirements please let us know and we will do our utmost to help

AVAILABLE DAILY UNTIL 12.30PM
